Geobrugg-City, 19.-22.04.2015

Dear Karl,
Dear xnet Team

We would like to thank you very much for the organization and good cooperation before, during and after our annual meeting.

Our goal was to weld the Geobrugg-Family together and hold an unforgettable event that is both informative and emotional. Now, a few months after the event we can state without any concerns, that we have achieved this goal. Rent a village was very well received and everyone was enthusiastic about the small and very well thought-out attentions throughout Engelberg such as your suitcase service or the branded street signs. The Geobrugg Family felt at home in „Geobrugg-City“.

We would particularly like to emphasize that Engelberg became Hollywood through the Team Building. Although some were very sceptical about their new job as actors or directors, there was only enthusiastic feedback at the end. The award night was the highlight of the event. The idea and implementation was a complete success and everything was a lots of fun.

In short: We were able to spend great days in Engelberg and could rely on you at any time. We look forward to working with you again in the future.

With best regards
