Köln, 15th October, 2012

Dear Mr. Schwärzler,

We are writing to sincerely thank you once more for your very professional work on location.

You and your team showed great enthusiasm and engagement at all times to make the event into a great success. The cooperation with you and your team during and after the event was very reliable, friendly and of the highest quality.

Our client Mundipharma was full of praise for the event and would like that we take this opportunity to pass on their thanks.

Equally, the tradesmen who we engaged enjoyed working for the village concept and praised the good cooperation with you and your team.

We are very happy to have you at our side and look forward to further events with you.

Yours sincerely,
