**Thank you!**

Dear x-Net Team,

the Success-Club Family Trip to Brand is now over and we are currently completing the post-processing. We would like to once again heartily thank you for the good and cooperative work on location!

Thanks to your unrelenting readiness for duty and constant presence, our families could enjoy their stay to the full. Whatever the request we or our participants had, you always reacted with great effort. Your engagement played a very significant part towards ensuring the smooth execution of the event!

We heard only positive feedback from the customers and the participants. The activities were very received very well by the guests despite the changeable weather. Also the inclusion of the village provided a beautiful backdrop for the video workshop.

We can all be proud of the harmony between the efforts brought by all those involved.

Kind regards and thanks again

Your marbet Team
