### Summer festival in Brand 21. - 23.07.2000

Dear Mr. Schwärzler,

On behalf of Siemens Management Consulting, I would like to sincerely thank you once again for the wonderful summer festival in Brand. It was astonishing how well your concept "Rent a Village" worked with our circa 180 families with their children. All the participants were full of praise.

A special thank you goes to your employees for the Herculean task of organisation, and in keeping all the couples, parents and children satisfied. We were particularly impressed with the quality and the high standard of the cuisine. You achieved great success in satisfying everyone, from Top-Managers to the children.

We will look back for a long time on this summer festival and already look forward to working with you again next year.

Kind regards,

Werner Noé

Siemens Management Consulting
